Sponsor's Name: \_\_\_\_\_ Sponsor's ID #: \_\_\_\_\_

Sponsor's Email Address: \_\_\_\_\_

I am activating \_\_\_\_\_ Commission Centers in the 2x2 Matrix. Each CC is \$300.

Note: The benefit to having Multiple Commission Centers is very simple: each CC can earn \$1,200 in commissions (or more) per month based on the income projections as presented in this business overview. The activation of multiple CC's is a great leveraging tool for those who want to maximize the income potential of the 2 x 2 Marketing Plan. When activating more than 1 CC your #1 CC will be sponsored by the person who introduced you to **ReGenesis** and the additional CC's will be placed randomly in the company matrix where needed as this will increase your likelihood of receiving upline spillover and it will also help others to cycle through their 2x2 matrix. Every member whom you personally sponsor must be placed beneath your #1 CC as this will help your direct sponsor to earn additional Royalty and 100% Matching Bonus Income. Each CC that you activate will receive 2 new members through the **Automated Recruiting System™** and 300 opportunity seeker leads that you can use to promote any business opportunity.

**Total Your Order Here:** Commission Center Activation \_\_\_\_\_ (\$300 per CC) + \$25 one time account set up fee (waived if activating 3 Commission Centers or more) = Total Order \$ \_\_\_\_\_

**IMPORTANT PAYMENT INSTRUCTIONS:** • If your order is greater then \$1,000 you must pay by bank cashiers check or money order • If your order is less then \$1,000 we will accept a check that is drawn in US funds from a US bank • For immediate matrix placement fax your application, along with a copy of your check, bank cashiers check or money order made payable to ReGenesis to: 1-866-330-4594 • Then send your application and bank cashiers check, money order or check to ReGenesis at 218 Main St, Suite 241, Kirkland, WA 98033 by overnight carrier or through priority mail to insure that we receive your funds within 3-business days.

Signature X \_\_\_\_\_ Today's Date \_\_\_\_/\_\_\_\_/\_\_\_\_
